WORK EXPERIENCE

- Name and address of employer
- Main activities and responsibilities

Web Developer at ClickCreacion (www.clickcreacion.com), Spain. October 2014 - April 2015
I created my own digital agency and I made sites working as a full stack developer (PHP with Wordpress and Laravel) in a partnership with a graphic designer, building small but well optimized websites. Using the freetime to collaborate in projects and grow my knowledge.

- Name and address of employer
- Main activities and responsibilities

Web Developer at Wonderlabs (www.wearewonderlabs.com), England. September 2013 - October 2014

Working as a full stack web developer (PHP with Wordpress and Codeigniter) for this company based in UK, as a part of a small group of 9 people. I took part of the structural design of platforms and worked along graphic designers to build high quality and totally bespoke websites, like www.wearewonderlabs.com or www.maritalaffair.co.uk.

- Name and address of employer
- Main activities and responsibilities
